June 21, 2018 - FOR IMMEDIATE RELEASE

## County CU Partners with Sharetec as their Next Core Banking System

LINO LAKES, MN – Sharetec System, core technology made simple, announces [County Credit Union](#) in Clayton, MO, has partnered with Sharetec to be their next core banking system.

David Bueneman, CEO of County Credit Union, comments, “We are a small asset credit union with big plans for growth. In order to position ourselves for the future, we need a core processor that meets our immediate technology needs, provides improved financial products we need, value data security and is agile enough to grow with us. In addition, it has to be cost-effective in the budget while providing value to our membership. After a thorough review and weighing the cost of change versus the cost of staying the same, it was clear to us that Sharetec would more than meet our needs now and in the future. Our conversion to Sharetec will allow us to deliver new features to our membership and create efficiencies that do not exist in our current system. We look forward to our new partnership in the coming years and the growth they will help us achieve.”

“Sharetec is pleased to have County Credit Union as our newest client. It was evident to us that County CU and Sharetec have similar visions for the future of credit unions. Both organizations are committed to providing member facing products that bring quality service and support to the membership. Sharetec and County are looking forward to a lasting relationship built on our continuing dedication to provide meaningful products such as Mobile Banking and Remote Deposit Capture to our client base,” comments Richard Place, VP of Sales for Sharetec.

### About County Credit Union

County Credit Union has been a financial institution in good standing in the Clayton area for over 40 years. Chartered in 1970, we have primarily served the residents and employees in the 63105 zip code area, along with other select employee groups. In 1996, the Division of Credit Unions and our members voted to expand our field of membership to include residents and employees in the 63124 zip code area. We strive to serve our members with high quality, convenient, low-cost financial services and we are federally insured by the [National Credit Union Administration](#).

### About Sharetec

Sharetec, a provider of both in-house and service bureau core solutions, has delivered an ROI, building income streams and lowering operating expenses to nearly 300 credit unions with 67% growth since 2000.
